## **2023 ANNUAL NETWORK CERTIFICATION**

Dear Mr. Woodruff:

Pursuant to APL 23-001, the MCP shall submit complete and accurate Annual Network Certification exhibits to DHCS to demonstrate compliance with State and federal network adequacy standards (42 C.F.R., sections 438.68 and 438.206(c)(1)).

DHCS completed an assessment of Alameda Alliance for Health's 2023 Annual Network Certification submission and identified no deficiencies. Alameda Alliance for Health is thus deemed compliant and has passed the 2023 Annual Network Certification.

Sincerely,

Sean Barber, Chief  
Managed Care Networks and Access Branch  
California Department of Health Care Services

RE: 2023 ANNUAL NETWORK CERTIFICATION – Alternative Access Standard (AAS)  
 Request Determination

Dear Mr. Woodruff:

Pursuant to Welfare and Institutions code section 14197, Alameda Alliance for Health submitted Alternative Access Standard (AAS) requests to the Department of Health Care Services (DHCS) for review. Alameda Alliance for Health’s AAS requests and a summary of DHCS’ determinations are included in the table below. Please refer to Attachment A for specific details.

Summary of AAS Determinations:

Alameda County

| Provider Type    | Total AAS Submitted to DHCS: <sup>1</sup> | Total Approved: | Total Denied: |
|------------------|---|-----------------|---------------|
| Core Specialists | 133                                       | 44              | 1             |
| Hospitals        | 5   | 1               | 0             |
| PCP              | 10  | 0               | 0             |

DHCS’ determinations were based on research of closest in and out of network providers identified from data sources including the Fee-For-Service Open Data Portal, Health Care Options, Office of Statewide Health Planning and Development, and the MCP’s 274 file submission submitted in November 2023 displaying the October 2023 network, and Alameda Alliance for Health’s attempts to contract with closer providers to comply with Network Adequacy requirements before requesting AAS approval.

<sup>1</sup> Total AAS Submitted to DHCS is comprised of all AAS requests, including circumstances that do not require an AAS determination such as P.O. Boxes, unique ZIP codes, carved out ZIP codes, and AAS requests submitted unnecessarily due to the MCP already meeting time or distance standards.

Approvals

Approved AAS requests are contingent on the results of DHCS' AAS validation process. DHCS will notify Alameda Alliance for Health when its AAS request(s) is formally approved. DHCS may revoke any approved AAS request if the AAS is no longer necessary or if an inaccuracy is discovered during AAS validation; in such case, DHCS will send a separate notification to Alameda Alliance for Health.

Denials

MCPs must review and provide responses to all denied AAS request(s) identified in Attachment A. If Alameda Alliance for Health requests reconsideration for mileage and/or minutes due to DHCS identifying a closer provider, Alameda Alliance for Health must submit an updated AAS request on a new AAS Request Form (Attachment C) with the revised miles and/or minutes by ZIP code and provider type and update the in-network and out-of-network providers listed.

DHCS will send a separate notice after the assessment of all Annual Network Certification submissions are completed.

For questions or assistance, contact [MCQMDNAU@dhcs.ca.gov](mailto:MCQMDNAU@dhcs.ca.gov).

Sincerely,

Sean Barber, Chief  
Managed Care Networks and Access Branch  
California Department of Health Care Services
