

PAY-FOR-PERFORMANCE (P4P) PROGRAM

FOR CHILDREN FIRST MEDICAL GROUP

2022

ALAMEDA
Alliance
FOR HEALTH

A NOTE FROM OUR MEDICAL DIRECTOR

Dear Children First Medical Group,

Alameda Alliance for Health (Alliance) has proudly served our community for more than a quarter of a century. We were created by and for Alameda County residents, and we currently provide access to health care to more than 280,000 children and adults. We value the high-quality, accessible, and affordable health care services that you deliver as our provider partner.

Our 2022 Pay-for-Performance (P4P) program offers performance-based incentive payments for delivered services. Through this program, primary care providers (PCPs) and PCP Groups are rewarded for superior performance and yearly improvement.

In this pamphlet, please find a Program Guide and Quick Reference Guides as resources to help you better understand our P4P program.

If you have any questions about our P4P program, please feel free to reach out to our Provider Services Department at **1.510.747.4510** or contact me at the email below.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Bhatt", enclosed within a large, loopy oval shape.

Sanjay Bhatt, MD, MS, MMM

Medical Director – Quality Improvement

P4P PROGRAM GUIDE

Program Overview – 2022

BACKGROUND

The Alliance Pay-for-Performance (P4P) program goal is to improve quality, performance, and outcomes through provider incentives.

CRITERIA

Provider Criteria

- Children First Medical Group (CFMG) is contracted with the Alliance for primary care services.
- CFMG is contracted with the Alliance through the date of payment.
- Measures and payments will be calculated for CFMG as a whole. Payment will be divided among CFMG provider groups based on their percentage of member months compared to the total member months for CFMG.

Eligible Population

- Alliance Medi-Cal members assigned to CFMG.

P4P PROGRAM GUIDE

PAYMENT POOL/DATES

Pool Dollars

The total payment pool consists of the Alliance Board-approved budgeted amount.

This amount is subject to adjustment depending on the financial performance of the Alliance.

Measurement Period: January 1, 2022 – December 31, 2022

Payment Date: September 2023

PAYMENT METHODOLOGY

Distribution Method

The potential dollars for CFMG will be based on its percentage of member months compared to the total member months for the Alliance.

MEASURES

The measurement categories are:

- Clinical Quality Measures (selected Healthcare Effectiveness Data and Information Set (HEDIS®) measures)
- Other Measures

P4P PROGRAM GUIDE

Measures, Point Values, and Goals

Clinical Quality Measures			
#	MEASURES	POINTS	GOAL
1	Childhood Immunizations: Combo 10	15	20% of points awarded per measure for each 0.5% above the overall 2022 rate for the Alliance, up to 2.5% above. 0.5% above overall rate = 20% of points 1.0% above overall rate = 40% of points 1.5% above overall rate = 60% of points 2.0% above overall rate = 80% of points 2.5% above overall rate = 100% of points If rate is below the overall 2022 rate for the Alliance: 3% increase from prior year rate = 20% of points 6% increase from prior year rate = 40% of points A minimum of 15 members is required in measure eligible population. Members with dual Medi-Cal/Medicare coverage are excluded from HEDIS® measures.
2	Immunizations for Adolescents: Combo 2	15	
3	Well-Child Visits in the First 15 Months of Life: Six (6) or More Visits	5	
4	Well-Child Visits for Age 15 Months to 30 Months: Two (2) or More Visits	5	
5	Child and Adolescent Well-Care Visits	15	
6	Child and Adolescent BMI Percentile Documentation	3	
7	Child and Adolescent Counseling for Nutrition	3	
8	Child and Adolescent Counseling for Physical Activity	4	
Clinical Quality Measures Total Points:		65	

Other Measures			
#	MEASURES	POINTS	GOAL
9	PCP Visits per 1,000 Members	15	1% increase from 2021 visits per 1,000 rate = 1/3 points 2% increase from 2021 visits per 1,000 rate = 2/3 points 3% increase from 2021 visits per 1,000 rate = Full points
10	Emergency Department (ED) Visits per 1,000 Members	10	20% of points awarded for each 0.5% below the overall 2022 rate for the Alliance, up to 2.5% below.
11	Flu Vaccination Rate	5	20% of points awarded for each 0.5% above prior year rate.
12	Member Satisfaction Survey: Non-Urgent Appointment Availability	5	Full points awarded if 80% of responses indicate member was able to schedule a non-urgent appointment within 10 days. A minimum of 10 survey responses are required for the measurement year.
Other Measures Total Points:		35	
TOTAL		100	

Measure Descriptions

CLINICAL QUALITY MEASURES

Measures are based on NCQA HEDIS® specifications.

Childhood Immunizations: Combo 10

Measures the percentage of children who turned the age of two (2) in 2022 and received the following immunizations by their 2nd birthday:

- Four (4) DTaP (Diphtheria, Tetanus, Acellular Pertussis)
- Three (3) IPV (Polio)
- One (1) MMR (Measles, Mumps, Rubella)
- Three (3) HiB (H Influenza Type B)
- Three (3) HepB (Hepatitis B)
- One (1) VZV (Varicella) or History of Chicken Pox
- Four (4) PCV (Pneumococcal Conjugate)
- One (1) HepA (Hepatitis A)
- RV (Rotavirus): 2-dose or 3-dose schedule
- Two (2) Influenza: One of the two can be an LAIV vaccination administered on the 2nd birthday

Immunizations for Adolescents: Combo 2

Measures the percentage of adolescents who turned the age of 13 in 2022 and received the following immunizations by their 13th birthday:

- One (1) Meningococcal Serogroups A, C, W, Y
- One (1) Tdap (Tetanus, Diphtheria, Acellular Pertussis)
- Two (2) HPV at least 146 days apart or three (3) HPV between the 9th and 13th birthday.

Well-Child Visits in the First 15 Months of Life: Six (6) or More Visits

Measures the percentage of children who turned 15 months old during 2022 and had six (6) or more well-child visits with a PCP during their first 15 months of life.

Well-Child Visits for Age 15 Months to 30 Months: Two (2) or More Visits

Measures the percentage of children who turned 30 months old during 2022 and had two (2) or more well-child visits with a PCP between the child's 15-month birthday plus 1 day and the 30-month birthday.

Child and Adolescent Well-Care Visits

Measures the percentage of members 3-21 years of age who had one (1) or more well-care visits with a PCP or OB/GYN during 2022.

CLINICAL QUALITY MEASURES (CONT.)

Child and Adolescent BMI Percentile Documentation

Measures the percentage of members 3-17 years of age who had an outpatient visit with a PCP or OB/GYN during 2022 and had evidence of BMI percentile documentation.

Child and Adolescent Counseling for Nutrition

Measures the percentage of members 3-17 years of age who had an outpatient visit with a PCP or OB/GYN during 2022 and had evidence of counseling for nutrition.

Child and Adolescent Counseling for Physical Activity

Measures the percentage of members 3-17 years of age who had an outpatient visit with a PCP or OB/GYN during 2022 and had evidence of counseling for physical activity.

OTHER MEASURES

Primary Care (PCP) Visits per 1,000 Members

Measures primary care (PCP) visits in 2022 for members assigned to CFMG. Please be sure to complete the Initial Health Assessment (IHA) for new members within 120 days of enrollment during their PCP visit.

Emergency Department (ED) Visits per 1,000 Members

Measures the utilization of Emergency Department (ED) visits in 2022 for members assigned to CFMG. Please review and follow-up with members on the monthly ED Visit Report.

Flu Vaccination Rate

Measures the percentage of members six (6) months old and above assigned to CFMG who received the flu vaccination in 2022.

Member Satisfaction Survey: Non-Urgent Appointment Availability

On a quarterly basis, members who have had a visit with a PCP are randomly selected for a satisfaction survey. This measure calculates the percentage of survey responses received in 2022 that indicate the member was able to schedule a non-urgent appointment between 0-10 days.

The survey question reads:

“In the last six (6) months, when you made an appointment either in person or by telephone for a check-up or routine care with this provider, when was your appointment either in person or by telephone scheduled?”

- a. 0–10 days
- b. More than 10 days

Well-Child Visits for Age 15 Months to 30 Months: Two (2) or More Visits*	<p>Children who turned 30 months old during 2022 and had two (2) or more well-child visits with a PCP between the child's 15-month birthday plus 1 day and the 30-month birthday.</p>	<p>Follow the American Academy of Pediatrics Bright Futures: Guidelines for Health Supervision of Infants, Children and Adolescents.</p>
Child and Adolescent Well-Care Visits*	<p>Members 3-21 years of age who had one (1) or more well-care visits with a PCP or OB/GYN during 2022.</p>	<p>Follow the American Academy of Pediatrics Bright Futures: Guidelines for Health Supervision of Infants, Children and Adolescents.</p>
Child and Adolescent BMI Percentile Documentation*	<p>Members 3-17 years of age who had an outpatient visit with a PCP or OB/GYN during 2022 and had evidence of BMI percentile documentation.</p>	<p>Document height, weight, and BMI percentile in 2022. BMI percentile may be documented as a value or plotted on an age-growth chart.</p>
Child and Adolescent Counseling for Nutrition*	<p>Members 3-17 years of age who had an outpatient visit with a PCP or OB/GYN during 2022 and had evidence of counseling for nutrition.</p>	<p>Document at least one of the following:</p> <ul style="list-style-type: none"> • Discussion of current nutrition behaviors. • Checklist indicating nutrition was addressed. • Counseling or referral for nutrition education. • Member received educational materials on nutrition during a face-to-face visit. • Anticipatory guidance for nutrition. • Weight or obesity counseling.
Child and Adolescent Counseling for Physical Activity*	<p>Members 3-17 years of age who had an outpatient visit with a PCP or OB/GYN during 2022 and had evidence of counseling for physical activity.</p>	<p>Document at least one of the following:</p> <ul style="list-style-type: none"> • Discussion of current physical activity behaviors. • Checklist indicating physical activity was addressed. • Counseling or referral for physical activity. • Member received educational materials on physical activity during a face-to-face visit. • Anticipatory guidance specific to the child's physical activity. • Weight or obesity counseling.

2022 P4P PROGRAM QUICK REFERENCE GUIDE FOR CFMG PROVIDERS (CONT.)

MEASURE	DESCRIPTION	DOCUMENTATION
PCP Visits Per 1,000 Members*	Measures PCP visits in 2022 for members assigned to CFMG.	Based on claims data. Visit must be in an outpatient setting – e.g. Office POS 11, FQHC POS 50. Visit must be with a provider that is contracted as a PCP or mid-level.
Emergency Department (ED) Visits per 1,000 Members	Measures the utilization of Emergency Department (ED) visits in 2022 for members assigned to CFMG. A lower rate is better.	Based on claims data. Please review and follow-up with members on the monthly ED Visit Report.
Flu Vaccination Rate	Measures the percentage of members age six (6) months and above assigned to CFMG who received the flu vaccination in 2022.	Based on claims data and California Immunization Registry (CAIR) data.
Member Satisfaction Survey: Non-Urgent Appointment Availability	Measures the percentage of survey responses received in 2022 that indicate the member was able to schedule a non-urgent appointment between 0-10 days.	Survey question: “In the last six (6) months, when you made an appointment either in person or by telephone for a check-up or routine care with this provider, when was your appointment either in person or by telephone scheduled?” a. 0-10 days b. More than 10 days

*Telehealth is allowed for services that can be done via telehealth.
