

## 2021 Provider Appointment Availability Survey (PAAS) Begins July 12 through December 31, 2021

Alameda Alliance for Health (Alliance) values our dedicated provider partner community. We are committed to continuously improving our provider and member customer satisfaction.

Each year, the Alliance conducts its annual Provider Appointment Availability Survey (PAAS). All health plans in California are required to survey providers to assess the availability of **routine** and **urgent** appointments.

## **About This Survey**

**Providers:** Alliance network providers include primary care providers (PCPs) and non-physician medical practitioners, specialist physicians (these change from year to year, dependent on DMHC methodology), psychiatrists, non-physician mental health (NPMH) providers, and ancillary providers (mammogram or physical therapy).

**Methodology:** The Alliance contacts a randomized sample (and oversample, as appropriate) of network providers contracted with the Alliance as of **December 31 of the previous year**. The Alliance first faxes/emails the survey. We encourage our provider partners to respond to the initial fax/email survey request to avoid any additional phone call outreach. If we do not receive a fax or email response within the first week of survey request, the Alliance will follow up with a phone call.

**Questions:** The survey solicits answers about the next available appointment<sup>1</sup> date and time for:

- 1. **Urgent and non-urgent services** for PCP, specialist, psychiatrist, and NPMH providers.
- 2. **Non-urgent services** for ancillary providers.

Appointment dates and times are collected at the location level for those providers practicing at Federally Qualified Health Centers (FQHCs).

Provider offices are **contractually obligated** to complete the survey. Please note that unresponsiveness/refusal to comply with the survey may result in a corrective action plan.

On the next page, please find a table that outlines the required appointment time frames.

Thank you for your attention and assistance in completing the PAAS.

<sup>&</sup>lt;sup>1</sup> Appointments can be either in-person or via telehealth.

## TIMELY ACCESS STANDARDS\*

All Providers contracted with the Alliance are required to offer appointments within the following timeframes:

PRIMARY CARE PHYSICIAN (PCP) APPOINTMENT	
Appointment Type:	Appointment Within:
Non-Urgent Appointment	10 Business Days of Request

Emergency Instructions – Ensure proper emergency instructions.		
Language Services – Provide interpreter services 24 hours a day, 7 days a week.		

## \*Per DMHC and DHCS Regulations, and NCQA HP Standards and Guidelines PA = Prior Authorization

**Urgent Care** refers to services required to prevent serious deterioration of health following the onset of an unforeseen condition or injury (i.e., sore throats, fever, minor lacerations, and some broken bones).

**Non-urgent Care** refers to routine appointments for non-urgent conditions.

**Triage or Screening** refers to the assessment of a member's health concerns and symptoms via communication with a physician, registered nurse, or other qualified health professional acting within their scope of practice. This individual must be trained to screen or triage, and determine the urgency of the member's need for care.
