Who We Are

- ▶ The Alliance has been in business for over 30 years, since 1996.
- ▶ On Thursday, January 1, 2026, the Alliance launched a new Medicare Advantage Plan, Alameda Alliance Wellness (HMO D-SNP).

- ▶ We are committed to making high-quality health care accessible and affordable to residents of Alameda County.

More About the Alliance

- ▶ Alliance Medi-Cal is comprehensive health coverage for Medi-Cal beneficiaries who have no share of cost and who live in Alameda County.
- ▶ Medi-Cal beneficiaries join the Alliance by completing the Medi-Cal Choice Form.
- ▶ Some Medi-Cal beneficiaries must be enrolled in a health plan and may be automatically enrolled into the Alliance by the State.
- ▶ By enrolling in the Alliance for Medi-Cal, beneficiaries enjoy a large network of providers, assistance with care coordination, and a health plan that is local and accountable to the community.

Alliance Medical Groups

- ▶ The Alliance is contracted with two (2) medical groups:
 - ▶ Children First Medical Group (CFMG)
 - ▶ Community Health Center Network (CHCN)
- ▶ Each group manages the authorizations, referrals, and claims for medical services of any Alliance member who chooses a PCP that belongs to that group, with the exception of durable medical equipment (DME) authorizations.
- ▶ If you receive a referral for an Alliance member assigned to one of the Alliance's medical groups, please:
 - ▶ Contact the member's assigned medical group before providing care to the member, OR
 - ▶ Refer the member back to their PCP for a referral to a provider within the medical group
- ▶ Effective Saturday, April 1, 2023, the Alliance began directly managing the authorizations, referrals, and claims for behavioral health services (mental health and applied behavioral analysis (ABA)). The administration of these services remains the responsibility of the Alliance regardless of the assigned medical group.

Maintaining Your Alliance Contract

- ▶ Please provide timely notification to Alliance Provider Services of all changes (practice name, phone, language capacity, address, tax identification number (TIN), effective or termination date, etc.).
- ▶ Notify Alliance Provider Services of new providers and terminated providers who join or leave your practice. A roster or an electronic provider data submission is preferred (274 provider flat file).
- ▶ Providers must be credentialed by the Alliance to receive the rates agreed upon in your Alliance contract.
- ▶ Complete the Facility Site Review (FSR) and Medical Record Review (MRR) process every three years (for PCPs only).
- ▶ Providers must complete the re-credentialing process every three (3) years.

Three (3) Easy Ways to Verify Member Eligibility

- ▶ Visit our Provider Portal (the best way!) through our website at www.alamedaalliance.org.
- ▶ Call the Alliance Provider Services Department at **1.510.747.4510**. This includes a 24/7 automated system.
- ▶ Call the Alliance Member Services Department to speak with a representative at **1.510.747.4567**.

Why It's Important to Verify Eligibility

- ▶ A member's eligibility and PCP/Medical Group assignment can change from month to month.
- ▶ Alliance members may request to change their assigned PCP. If a member is not assigned to you and wants to change their PCP assignment, please direct them to call the Alliance Member Services Department at **1.510.747.4567**. In most cases, the PCP change will be effective the first day of the following month after the request.
- ▶ A referral or authorization doesn't guarantee that a member is eligible at the time of service.
- ▶ It is important to know if a member is assigned to a medical group because the medical group is responsible for the authorization, referral, and claims processing for their assigned members.

Timely Access Requirements

Timely Access Requirements	
Appointment Type:	Appointment Within:
Urgent Appointment that does not require PA	48 Hours of the Request
Urgent Appointment that requires PA	96 Hours of the Request
Non-Urgent Primary Care Appointment	10 Business Days of the Request
First Prenatal Visit	2 Weeks of the Request
Non-Urgent Specialist Appointment	15 Business Days of the Request
Non-Urgent Behavioral Health Appointment	10 Business Days of the Request
Non-Urgent Appointment for Ancillary Services for the diagnosis or treatment of injury, illness, or other health conditions	15 Business Days of the Request

Timely Access Definitions

- ▶ **PA** = Prior Authorization
- ▶ **Non-urgent Care** refers to routine appointments for non-urgent conditions.
- ▶ **Triage or Screening** refers to the assessment of a member's health concerns and symptoms via communication with a physician, registered nurse, or other qualified health professional acting within their scope of practice. This individual must be trained to screen or triage and determine the urgency of the member's need for care.
- ▶ **Urgent Care** refers to services required to prevent serious deterioration of health following the onset of an unforeseen condition or injury (i.e., sore throats, fever, minor lacerations, and some broken bones).

Timely Access Standards Exceptions

Exceptions to the Appointment Availability Standards

Advanced Access: The primary care appointment availability standard in the chart may be met if the primary care physician (PCP) office provides "advanced access." "Advanced Access" means offering an appointment to a patient with a primary care physician (or nurse practitioner or physician's assistant) within the same or next business day from the time an appointment is requested (or a later date if the patient prefers not to accept the appointment offered within the same or next business day).

Preventive Care Services and Periodic Follow-Up Care: Preventive care services and periodic follow up care are not subject to the appointment availability standards. These services may be scheduled in advance consistent with professionally recognized standards of practice as determined by the treating licensed health care provider acting within the scope of their practice. Periodic follow-up care includes but is not limited to, standing referrals to specialists for chronic conditions, periodic office visits to monitor and treat pregnancy, cardiac or mental health conditions, and laboratory and radiological monitoring for recurrence of disease.

Shortening or Extending Appointment Waiting Time: The applicable waiting time to obtain a particular appointment may be extended if the referring or treating licensed health care practitioner, or the health professional providing triage or screening services, as applicable, acting within the scope of their practice and consistent with professionally recognized standards of practice, has determined and noted in the member's medical record that a longer waiting time will not have a detrimental impact on the health of the member.

After Hours Access to Care

- ▶ PCPs, specialists, and behavioral health care providers are required to have after-hours phone coverage 24 hours a day, 7 days a week.
- ▶ After-hours access must include triage and screening (waiting time does not exceed 30 minutes) for emergency care and direction to dial **9-1-1** for an emergency medical condition.
- ▶ A physician or mid-level provider must be available for contact after-hours, either in person or via telephone.

Urgent Care

- ▶ Alliance members may seek care from Alliance-contracted Urgent Care facilities for non-emergency or life-threatening conditions.
- ▶ Alliance members who need urgent care out of the area can go to the nearest urgent care facility.
- ▶ Alliance members can call their PCP, or the Advice Nurse Line, 24 hours a day, 7 days a week, toll-free at **1.888.433.1876**, if they cannot reach their PCP to learn the level of care that is best for them.
- ▶ Members may also call Teladoc toll-free at **1.800.TELADOC (1.800.835.2362)** or schedule a video chat on the Teladoc app to treat non-emergency medical issues.
- ▶ Most urgent care appointments do not require authorization and are available within 48 hours of the request for an appointment, and may include:
 - ▶ A cold
 - ▶ Fever
 - ▶ Sprained muscle
 - ▶ Sore throat
 - ▶ Ear pain
 - ▶ Maternity services
- ▶ If the urgent care services require pre-approval, an appointment will be offered within 96 hours of the request.
- ▶ Alliance Medi-Cal members who need mental health urgent care can call the Alameda County Behavioral Health Care Services ACCESS Program 24 hours a day, 7 days a week, toll-free at **1.800.491.9099**, or the Alliance Member Services Department.

Emergency Services

- ▶ Alliance members may seek care at any hospital Emergency Room (ER) for an emergency medical condition without authorization.
- ▶ ER services also include an evaluation to determine if a psychiatric emergency exists.
- ▶ Any prudent layperson may determine if an ER visit is warranted. An emergency medical condition (including labor and delivery) is defined by Title 22, CCR, Section 51056 and Title 28, CCR, Section 1300.71.4.(b)(2) as one that is manifested by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in any of the following:
 - ▶ Placing the member's health in serious jeopardy
 - ▶ Serious impairment to bodily function
 - ▶ Serious dysfunction of any bodily organ or part
 - ▶ Death
