

Important Update: 2025-2026 Seasonal Influenza Vaccines

Alameda Alliance for Health (Alliance) values our dedicated provider partner community. We have an important reminder to share with you.

The Alliance is pleased to cover the flu shot for eligible Alliance Group Care and Medi-Cal members. Eligible Alliance members can get a flu shot if supplies are available at your office.

Effective Friday, August 1, 2025, the Alliance will reimburse providers for administering the Alliance formulary injectable seasonal flu vaccine to eligible Alliance Group Care and Medi-Cal members. The flu vaccine is available at no cost to eligible Alliance members.

The Alliance Covered Flu Vaccine List is enclosed with this notice and available on our website at www.alamedaalliance.org/providers/pharmacy-formulary/resources.

The flu vaccine for Medi-Cal members under the age of 19 should be covered through the Vaccines for Children (VFC) program. If you do not participate in the VFC program, the vaccination will be covered by the Alliance. For Medi-Cal members ages 65 years and older, the flu vaccine should be covered through Medicare Part B. If the Medi-Cal member does not have Medicare Part B coverage, the vaccination will be covered by the Alliance.

Alliance members also have the choice to receive a flu vaccine from a retail pharmacy as follows:

1. **Alliance Group Care members** can get the flu vaccine from any Alliance-contracted retail pharmacy that administers flu vaccines. For help finding a network retail pharmacy, please visit www.alamedaalliance.org/help/find-a-pharmacy.
2. **Alliance Medi-Cal members** can get the flu vaccine from a pharmacy contracted with the California Department of Health Care Services (DHCS) Medi-Cal Rx Program. On Saturday, January 1, 2022, the California Department of Health Care Services (DHCS) began managing the Medi-Cal pharmacy benefit instead of the Alliance. The new program is called "Medi-Cal Rx." To view the Medi-Cal Rx contracted drug list or to find a Medi-Cal Rx pharmacy for Alliance Medi-Cal members, please visit <https://medi-calrx.dhcs.ca.gov/home/>.

Please encourage all patients to get their flu shot today.

We strive to provide the highest levels of customer service and are committed to continuously improving in ongoing support of our provider network.

Thank you for your continued partnership. We appreciate and thank you for the high quality care you provide your patients and our members. Together, we are creating a healthier community for all.
