

HIV TESTING SITES

REFERRAL

Providers may refer a patient requesting confidential HIV testing to a confidential test site, family planning or sexually transmitted disease provider within the Alliance provider network for all product lines. Referrals to in-plan sites are encouraged; however, Medi-Cal members do have the option of seeking HIV testing through non-contracted providers.

Providers should advise any member who chooses to go to an out-of-plan confidential test site to sign a release of information form to allow his or her name to be submitted on the claim. If the claim is submitted without a name to determine eligibility for services, the Alliance will not reimburse the provider.
